HAWKS CAY RESORT IN DUCK KEY, FLORIDA

Hawks Cay boasts a total of 402 villas and hotel rooms, four restaurants, a saltwater lagoon, five swimming pools and an award-winning spa, as well as onsite water sports, fishing charters and Dolphin Connection facility. The Indies Club for kids offers activities with educational components. Kids can participate in noodle races as well as arts and crafts activities, play video games, or just chill out with a fully trained staff. The resort also offers bike rentals, sports fields, and volleyball and basketball courts, and the Dolphin experiences are top-notch for kids. There are 90-minute sunset boat rides that serve as a good orientation to the Keys. There's also snorkeling, Segway tours, mini golf, beach volleyball, SNUBA courses (for kids ages 8 and up), feeding the resident tarpon, or taking a fishing trip and then eating the caught fish for dinner -- what the resort calls "Hook & Cook."
