Travel Destinations Ready to Welcome You This Summer

Plenty of social distancing-approved vacation opportunities for families are available at Hawks Cay. The lagoon and the pools are open, guests can paddleboard or take a sunset cruise (space is limited to maintain social distancing) and eat great food outdoors. The Hawks Cay famous Dolphin Trainer for a Day program is also operational. The program includes in-water and dockside activities, and behind-the-scenes educational fun. Space is limited: two to three people ages 10 and over, per day.

COVID-19 update: To keep guests and employees safe, Hawks Cay is taking extensive measures. Face masks are required indoors and outdoors when social distancing is not possible. All spas and outdoor recreational areas, including the basketball courts, are closed at this time, food may be ordered via a contactless system, and intensive room cleaning procedures are in place. You can see all the updates by clicking [here](#).
